USCIS Expands 'FIRST' Digital FOIA System

U.S. Citizenship and Immigration Services (USCIS) is expanding its digital Freedom of Information Act (FOIA) Immigration Records System, FIRST. USCIS said FIRST is the only system in the U.S. government that allows users to submit and track FOIA requests and receive documents digitally.

FOIA entitles every person access to certain information from the federal

government. FOIA requests can be critical in cases where the full picture of an applicant's history matters to the success of their immigration petition/application.

FOIA requestors with a USCIS online account can submit requests online for their own records. Soon, they will be able to submit online requests for non-Afile materials.

USCIS Extends Parole and Work Authorization for Certain CNMI Residents

U.S. Citizenship and Immigration Services (USCIS) announced on June 28, 2019, that it will automatically extend parole (i.e., permission to lawfully remain), and employment authorization if applicable, for certain residents of the Commonwealth of the Northern Mariana Islands (CNMI). This extension of parole will provide relief while USCIS establishes procedures for obtaining the new CNMI Resident status created by the Northern Mariana Islands Long-Term Legal Residents Relief Act, signed by President Trump on June 25, 2019.

USCIS noted the following points:

- Parole for individuals under a previous CNMI categorical parole program
 expired on June 29, 2019. DHS automatically extended parole for those
 individuals without interruption through October 28, 2019. USCIS said this
 automatic extension of 120 days will provide an opportunity for
 individuals to submit a re-parole request.
- For parolees with an employment authorization document (EAD) expiring at the same time as their parole (June 29, 2019), USCIS is automatically extending their employment authorization through October 28, 2019.

Acting CBP Commissioner To Step Down After Two Months

John Sanders, Acting Commissioner for U.S. Customs and Border Patrol (CBP), announced he is resigning effective July 5, 2019, after only two months on the job. He took on the role in April after Kevin McAleenan, former CBP Commissioner, became Acting Secretary of Homeland Security after Kirstjen Nielsen's departure. The announcement follows reports of substandard conditions for migrant children being held in detention.

Mr. Sanders reportedly is expected to be replaced by Mark Morgan, who has been directing U.S. Immigration and Customs Enforcement (ICE) for several months. He was formerly chief of the Border Patrol.

Don't Accept Restricted Social Security Cards for I-9 Verification, E-Verify Warns

E-Verify recently reminded employers not to accept restricted Social Security cards as List C documents on the I-9 work authorization verification form. Form I-9 List C documents verify an employee's authorization to work.

Employers should not accept a restricted Social Security card that is stamped with one of the following:

- Valid for work only with DHS authorization
- Valid for work only with INS authorization
- Not valid for employment

Details: E-Verify announcement,
